

Convened: 8:35 pm

Attending: Paul, Bob, Jen and David

I. The major portion of the meeting dealt with the proposal to be made to the County Council tomorrow at approx. 4 pm.

Following discussion of three possible solutions to the concerns of the Cobblestone residents, it was decided that if the proposal now before the Council were to be rejected, then the HOA board would put forth the three proposals discussed this evening, from which the County could take their pick. The HOA board would take the Council's choice before the HOA Annual Meeting in June for acceptance.

II. The net on the volley ball court needs repair. It was decided that Paul would remove the net and deliver it to David who would pursue possible solutions to "sewing it up."

III. Walker's fence. After discussing the options offered by Walker it was decided to write a letter stating that the required changes must be made as per present directions from the HOA board by 10 July 2009, or a \$50 per day fine would be levied until the fence was placed in it's proper place as per the present survey.

IV. After the results of the County meeting on Wednesday 20 May 2009, are known, Paul will draft a letter setting the time, place, and agenda for the Annual June meeting of the HOA.

Adjourned: 9:20 pm
